**How “Smart” Are You? Using Technology to Gather Stories**

**November 13, 2019, Wednesday, 2:30 p.m. - Discovery Center - Allison DePrey Singleton**

Learn how to use what devices you already own or can borrow to share your stories. We will cover smart phones, tablets, and other audio and visual recording devices.

**A Look at GIMP & Vivid Pix for Restoring Photographs**

**December 11, 2019, Wednesday, 2:30 p.m. - Discovery Center - Kay Spears**

Explore alternatives to Adobe Photoshop. We will look at both GIMP and Vivid Pix, two programs that may be used to change, restore, and touch up your old photographs.

**Using the Maker Lab to Preserve Family History**

**January 8, 2020, Wednesday, 2:30 p.m. - Discovery Center and Maker Lab - Sara Allen**

Learn how the Main Branch’s Maker Lab can be used to preserve your family history. Join us as we tour the Maker Lab and learn how to convert family wedding videos to DVDs; transfer family vacation slides to digital files; make 3-D replicas of family memorabilia, sports logos, company logos, and more.

**African American Digital Collections at The Genealogy Center**

**February 12, 2020, Wednesday, 2:30 p.m. - Discovery Center - Melissa Tennant**

Discover the incredible African American digital collections available at The Genealogy Center. See what can be found through the African American Gateway, African American Newspapers, African American Heritage, Archives Unbound, and the Slavery and Anti-Slavery database.
